As Edom crossed the threshold, moving outside to the landing at the top of the stairs, Jacob followed, proselytizing for his faith: "Christmas Eve, 1940, St. Anselmo's Orphanage, San Francisco. Josef Krepp killed eleven boys, ages six through eleven, murdering them in their sleep and cutting a different trophy from each-an eye here, a tongue there." Fortifying herself with more coffee, Jolene said, "Edom, you were going to tell us how Joey's coping with fatherhood." Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in the kitchen. Forsaking a fork in favor of her fingers, she was eating a. "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." He used the kitchen phone, at the corner secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired. Edom and Jacob came to the house, asking what Dr. Chan had said, and Agnes lied to them. "There are some test results we won't have until Monday, but he thinks Barty is going to be all right." "Making too many wrong choices," Grace White said, "produces too many branches-a gnarled, twisted, ugly growth." Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale-from theater fires to all-out nuclear war-he had a flamboyant imagination second to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes. Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock. The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love. Kathleen expected this would prove to be true. She herself was not frightened by Thomas Vanadium's appearance; but then she had been prepared for it before she first saw him. And she wasn't a murderer, fearful of retribution, to whom this particular face would seem like Judgment personified. Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble." As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies. When at last he spoke, real grief, quiet but profound, softened his voice: "March first, three years ago, my wife and two sons-Danny and Harry, both seven, twins-were coming home from visiting her parents in New York. Shortly after takeoff ... their plane went down." She looked around the room. "He's invisible like the Cheshire cat?" "His whole world is as real as ours, but we can't see it, and people in his world can't see us. There're millions and millions of worlds all here in the same place and invisible to one another, where we keep getting chance after chance to live a good life and do the right thing." Instead of engaging in the confrontation for which he had been pressing ever since his first visit, Vanadium surprised Junior by breaking eye contact, turning from the bed, and crossing the room to the door. "Mommy, did you know, every day on Mars is thirty-seven minutes and twenty-seven seconds longer than ours?" "Well, we have earthquakes here," Jolene said, "but back east they have all those hurricanes." But Havnor is also the Great Isle, a broad, rich land; and in the villages inland from the port, the farmlands of the slopes of Mount Onn, nothing ever changes much. There a song worth singing is likely to be sung again. There old men at the tavern talk of Morred as if they had known him when they too were young and heroes. There girls walking out to fetch the cows home tell stories of the women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered among those silent, sunlit roads and fields and in the kitchens by the hearths where housewives work and talk. This room didn't face the street by which Cain would approach the building, so Vanadium switched on the lights. He spent fifteen minutes examining the mundane contents of the cupboards, searching for nothing in particular, merely getting an idea of how the suspect lived-and, admittedly, hoping for an item as helpful to a conviction as a severed head in the refrigerator or at least a plastic-wrapped kilo of marijuana in the freezer. "Does my dad like Christmas?" Barty asked, sitting on the grass in front of the headstone. One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon. Clearly touched and intrigued, the magician nevertheless circled the offer in search of reasons to decline, before at last shaking his head sadly. "I doubt that I'm the caliber of person you're looking for, Mrs. Lampion. I wouldn't be entirely a credit to your project." The doors slid open, and they rolled Barty corridor to corridor, past the scrub sinks, to a waiting surgical nurse in green cap, mask, and gown. She alone effected his transfer into the positive pressure of the surgery. Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own. "You're the one who said your cold's just here. Maybe it stays in the kitchen, hoping it'll get a piece of pie." In the gallery windows, eight of the nine sculptures were so disturbing that many passersby, catching sight of them, blanched and looked away and hurried on. Not everyone can be a connoisseur. Gob of mucus in his throat. His face contorted with a misery that he did not have to fake, and he was astonished to feel tears spring to his eyes. "What was it like, Enoch? Did you look into her eyes when you pushed her?" Vanadium's uninflected monologue was like the voice of a conscience that preferred to torture by droning rather than by nagging. "Or doesn't a woman-killing coward like you have the guts for that?" Yet the most enduring relationship he had all year was with the ghostly singer. On February 18, he returned home in the afternoon, from a class in spirit channeling, and heard singing as he opened his front door. That same voice. And the same hateful song. As faint as before, repeatedly rising and falling. Widening his eyes in calculated surprise, Junior said, "Are you a police officer?" Agnes ran to the kitchen, where she had been working

when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..One apartment to the right, one to the left. Junior went to the right, to Apartment 1, where he'd seen the lights come on behind the curtained windows..Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate..Without a word, Joshua Nunn and the paramedic retreated to the foyer. The parlor doors slid shut..not yet acknowledged, when our flailing species briefly floats insensate between one desperate swim and another..He was simplifying and combining concepts, but he knew no other way to quickly give them a feel for the wonder, the enigma, the sheer spookiness of the world revealed by quantum mechanics.. "I'm going to tell you something about your father that might comfort you," he said, "but you can't ask me for more than I'm ready to say right now. It's all a part of what I'll discuss with you in Bright Beach." The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone..Celestina was better equipped to embrace this transcendental experience for what it appeared to be. She was not one of those artists who celebrated chaos and disorder, or who found inspiration in pessimism and despair. Wherever her eyes came to rest, she saw order, purpose, exquisite design, and either the pale flicker or the fierce blaze of a humbling beauty. She perceived the uncanny not merely in old houses where ghosts were said to roam or in eerie experiences like the one Lipscomb had described, but every day in the pattern of a tree's branches, in the rapturous play of a dog with a tennis ball, in the white whirling currents of a snowstorm-in every aspect of the natural world in which insoluble mystery was as fundamental a component as light and darkness, as matter and energy, as time and space.. "Once out of the coma and stabilized for a few weeks, I was transferred to a hospital in Portland, where I had to undergo eleven surgeries." As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows..With a nimbleness and an alacrity that a lemur would have admired, the girl ascended to the first crotch..She found the switch and clicked off the lamp again. "Good-night, young prince." Jacob had become a card mechanic for one purpose. Not because he'd ever be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended-the thousands of hours of practice-was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand..LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night..Because you can walk in the rain without getting wet, because you walk in SOME OTHER PLACE, and God knows where that place is or whether YOU COULD GET STUCK THERE somehow, get stuck there AND NEVER COME BACK, and if you can do this, there's surely other impossible things you can do, and even as smart as you are, you can't know the dangers of doing these things--nobody could know-and then there are the people who'd be interested in you if they knew you can do this, scientists who'd want to poke at you, and worse than the scientists, DANGEROUS PEOPLE who would say that national security comes before a mother's rights to her child, PEOPLE WHO MIGHT STEAL YOU AWAY AND NEVER LET ME SEE YOU AGAIN, which would be like death to me, because I want You to have a normal, happy life, a good life, and I want to protect you and watch you grow UP and be the fine man I know you will be, BECAUSE USE I LOVE YOU MORE THAN ANYTHING, AND YOU'RE SO SWEET, AND YOU DON'T REALIZE HOW SUDDENLY, HOW HORRIBLY, THINGS CAN GO WRONG..Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day..They were dining by candlelight. Vanilla-scented bougies stood on the sideboard, across the room, glimmering in glass chimneys, but Barty pointed instead to five squat red candles distributed through the centerpiece of pine sprays and white carnations..Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused..Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one." As Tom Vanadium studied the stained and ravaged wall again, a cold and quivery uneasiness settled insectivally onto his scalp and down the back of his neck, quickly bored into his blood, and nested in his bones. He had the terrible feeling that he was not dealing with a known quantity anymore, not with the twisted man he'd thought he understood, but with a new and even more monstrous Enoch Cain. Carrying the tote bag full of Angel's dolls and coloring books, Wally crossed the sidewalk ahead of Celestina and climbed the front steps..Celestina White was the center of attention, always surrounded by champagne-swilling, canape--gobbling bourgeoisie who would have been shopping for paintings on velvet if they'd had less money..Carrying the candlestick, he raced to the kitchen at the end of the short hall. The door stood open, but he had to enter the room to see Victoria slumped in one of the two chairs at the small dinette.."You might as well beat a cloud for raining," said Otter's mother..Dropped cartridges gleamed on the carpet. Stoop to snatch them up? No. That was asking for a skull-cracking blow.."I wish my Rico could have met your Harrison, too," Maria told Grace, referring to the husband who had abandoned her. "Maybe the reverend could've done with words what I couldn't do with my foot in Rico's trasero." The hospital was drowned in the bottomless silence that fills places of human habitation only in the few hours before dawn, when the needs and hungers' and fears of one day are forgotten and those of the next are..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..Near midnight, she returned to her apartment. Lights out, in bed, staring at the ceiling, she was unable to sleep..IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain-Pinchbeck to the world-left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place." Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob
