With the infant in her arms, the heavysset nurse pressed in beside Celestina, who.After a little silence Otter said, "Thanks." And he looked up at Hound, one brief, questioning, judging glance.."You must be thinking of someone else," she said, pushing a wad of bills into his hand. "Me,

I'm a jellyfish in high heels." Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms. As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies. He got in the Suburban, pulled the door shut, but didn't at once start the engine. He found the strength to squeeze her hand tighter than before. "Be safe. Keep Angel safe." Junior Cain felt as if his heart had been lanced by a needle so thin that the muscle still contracted rhythmically but painfully around it. She did? She. . . she wrote that? As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis." "Sure they do," Barty said. "But I think Maria embroidered the birds just because they were pretty." If Vanadium was watching, however, he would interpret the pitch of the coin to mean that his unconventional strategy was working, that Junior's nerves were frayed to the breaking point. With an adversary as indefatigable as this cuckoo cop, you dared never show weakness. Throughout the evening, Barty and Angel-sitting side by side and across the table from Paul-listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids. Hound was sorry for him. "You know, if it was Gelluk questioning you, he'd have everything you know out of you just with a word or two, and your wits with it. I've seen what old Whiteface leaves behind when he asks questions. Listen, can you work with the wind at all?" With a thin hiss of disgust, Junior pulled away from the thing, whatever it was, withdrew the flashlight from his belt, and listened intently for sounds in the alleyway. No voices. No footsteps. Only distant traffic noises so muffled that they sounded like the grunts and groans and low menacing growls of foraging animals, displaced predators prowling the urban mist. The kitchen door stood open and full of light, but he missed it by two feet. He felt along the back wall of the house, discovered the door casing and then the opening, probed with the cane for the threshold, and stepped into the doorway. WALTER PANGLO, the only mortician in Bright Beach, was a sweet tempered wisp of a man who enjoyed puttering in his garden when he wasn't planting dead people. He grew prize roses and gave them away in great bouquets to the sick, to young people in love, to the school librarian on her birthday, to clerks who had been polite to him. Disbelieving his eyes, Junior reached across his body with his left hand and picked up the quarter. Although it had been lying in his right palm, it was cold. Icy. "I can't sleep half the time," Deed said, twisting the baseball cap in his hands. "I've lost weight, and I'm so nervous, jumpy." An IV rack stood beside the bed, dripping fluid into his vein, replacing the electrolytes that he had lost through vomiting, most likely medicating him with an antiemetic as well. His right arm was securely strapped to a supporting board, to prevent him from bending his elbow and accidentally tearing out the needle. The presence of the brochure disturbed Vanadium also because he assumed that after being dead-ended by Nolly, Cain had subsequently discovered that Celestina had taken custody of the baby to raise it as her own. For some reason, the nine-toed wonder originally believed the child was a boy, but if he'd tracked down Celestina, he now knew the truth. This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas. The white padded eye patches rebuffed her, and she realized how profoundly the boy's double enucleation would affect how easily she could read his moods and know his mind. Here was a littler loss until now shadowed by the greater destruction. Denied the evidence of his eyes, she would need to be better at noting and interpreting nuances of his body language-also changed by blindness-and his voice, for there would be no soul revealed by hand-painted, plastic implants. Still looming over her, he snatched the pad out of her hands and examined the sketch. "Where would you have seen this?" He continued until four aces of hearts and four aces of diamonds were on the table in front of him. These eight draws he had prepared, and this effect was his intention. Then he closed his eyes, held the revolver in both hands, and at point-blank range, he shot the dead woman twice. Dropped, the wineglass had shattered. But the bottle of Merlot had survived again, rolling across the vinyl-tile floor until it bumped gently against the base of a cabinet. Sliding Victoria's chair away from the table, he turned her to face him. He adjusted her body so that her head was tipped back and her arms were hanging slack at her sides. "Last time I looked, Miss Galloway lived to the south of us. Retired. Never married. No children." Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies. "Why do they let a man like that keep his badge?" Junior asked. "He's outrageous, wholly unprofessional." Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics. Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world. She didn't hear gunfire this time, either, but the hard crack of splintering wood attested to the passage of at least two more bullets. Increasingly, he used meditation to relieve stress. He was so skilled at concentrative meditation without seed-blanking his mind-that half an hour of it was as refreshing as a night's sleep. On this chilly January night, no campers or fishermen had staked claims along the lake. Because the trees were far enough back to be lost in the night, the immediate shore and the pooled blackness that it encircled appeared as desolate as any landscape on a world without an atmosphere. around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?" Deed flinched. "No reason. But I sure never did mean you or your husband any harm, Mrs. Lampion. And not your baby, either, not little Bartholomew." Behind them, two shots roared, and Paul knew that the reverend was no longer of this world. Celestina, the battering Baptist, back in action, came at him again. With one leg broken, another cracked, and the stretcher bar splintered, the chair wasn't as formidable a weapon as it had been. She swung it, Junior dodged, she struck at him again, he juked, and she reeled away from him, gasping. She repeated this ritual eleven more times--"For Andrew, for James, for John"--frequently glancing into the nave behind her, to be sure that she was unobserved. Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe. During Junior's brief stroll, the sidewalk ended, giving way to the graveled shoulder of the road. He saw no one on foot, and no vehicles passed him. Yet through the

summer of 1966, following this call, he acted like a man who was haunted. A sudden draft, even if warm, chilled him and caused him to turn in circles, seeking the source. In the middle of the night, the most innocent of sounds could scramble him from bed and send him on a search of the apartment, flinching from harmless shadows and twitching at looming invisibilities that he imagined he saw at the edges of his vision..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..The musician had no talent for deception. His hopping-hen eyes pecked at the nearest painting, at other guests, down at the floor, everywhere but directly at Junior, and a nerve twitched in his left cheek. "Well, I'm very good, you know, at faces, they stick with me, I don't know why. Goodness knows, my memory is otherwise shot.".Celestina had chosen to shelter the bastard boy, and in so doing, she had declared herself to be Junior's enemy, though he'd never done anything to her, not anything. She didn't deserve him, really, not even one quick bang before the bang of the gun, and maybe after he shot Ichabod, he'd let her beg for a taste of the Cain cane, but deny her..O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then..Between new women and needlepoint pillows, he participated in s?ances, attended lectures given by ghost hunters, visited haunted houses, and read more strange books. He even sat for the camera of a famous medium whose photographs sometimes revealed the auras of benign or malevolent presences hovering in the vicinity of her subject, though in his case she could discern no telltale sign of a spirit..By comparison, the strip club-neon aglow, theater lights twinkling----looked warm, cozy. Welcoming..Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world..Already, he was up two hours past his bedtime. In recent months, he'd exhibited the more erratic sleeping habits of older children. Some nights, he seemed to possess the circadian rhythms of owls and bats; after being sluggish all day, he suddenly became alert and energetic at dusk wanting to read long past midnight.."Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards.".Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby.."Oh? Do they rent their house out to pirates with little pirate children, clowns with little clown children?".On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious..When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting.".He no longer had any reason to follow an exercise regimen. For twenty-three years, he'd needed to maintain good health in order to meet his responsibilities, but all the responsibilities that mattered to him had been lifted from his shoulders..Murmuring on the edge of sleep, Barty spoke to his father in all the places where Joey still lived: "Good-night, Daddy.". "We have dams, though," said Jacob, gesturing with his fork. "The Johnstown Flood, 1889. Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire families were swept from the earth. Ninety-eight children lost both parents.". "I don't like the old crazy doctor," she said, still drawing. "I wish it was about bunnies on vacation-or maybe a toad learns to drive a car and has adventures.".Celestina, surprised by Lipscomb's arrival, was still mentally numb from Neddy's harangue. "Doctor, I didn't know you were coming.".Deciding that he didn't need an exit line, Junior headed toward the service road and his Suburban.."Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology-in fact, all human society-will change almost beyond comprehension, and for the better.".Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another..Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse..The upper end of the bed was elevated. Otherwise, Agnes would not have been able to see the room, for she was too weak to raise her head from the pillows..Switching on the lights as he went, Junior sought the source of the serenade. He carried the 9-mm pistol, which would have been useless against a spirit visitor; but his extensive reading about ghosts hadn't convinced him that they were real. His faith in the effectiveness of bullets and pewter candlesticks, for that matter-remained undiminished..Hunched over his desk, leaning forward conspiratorially, his piggy eyes glittering like those of an ogre discussing his favorite recipe for cooking children, Nolly said, "I've been able to confirm your suspicions..Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place.
